# SPECIALTY Camps

## SCHOOL READINESS CAMP

July 20-24, 9:00 a.m. - Noon, \$200 (Ages 4-5)

Help your preschooler prepare for the jump to "big school" with a week of practice in this teacher-led School Readiness Camp! Campers will get a chance to practice the school schedule including transitions, work time and play-to-learn times! Focus will be on learning to follow procedures as well as playful ways to work on fine and gross-motor skills.

## MIDDLE SCHOOL SERVICE CAMP

July 27-31, 9:00 a.m. - 4:00 p.m., \$200

(Rising 5th - 8th grades)

Middle schoolers with a heart to serve their community will love this chance to put their passion into action. Campers will partner with Charlotte-area charities to serve those in need. We will provide lunches for the homeless community of Charlotte, do yard work for senior citizens and so much more.

# SPORTS Camps

**BASKETBALL CAMP, June 22-26, \$100**

**9:00 a.m. - Noon (Rising 1st - 4th grades)**

**Noon - 3 p.m. (Rising 5th - 8th grades)**

*This skills camp will focus on fundamentals including shooting, ball handling, rebounding and defense. Campers will have a blast while improving their coordination, speed and strength.*

**ON-THE-RUN CAMP, July 20-24, \$100**

**9:00 a.m. - Noon (Rising 4th grade and up)**

*Run the beautiful nature trails of The Palisades with fellow aspiring runners. Coaches will work with campers to improve strength and distance while teaching technical stretching and pacing practices.*

**VOLLEYBALL CAMP, July 20-24, \$100**

**1:00 p.m. - 4:00 p.m. (Rising 4th - 9th grades)**

*Bump! Set! Spike! Rising fourth through ninth graders will work hard and have fun participating in volleyball camp. Trainers will lead players through drills and games. Players will work to develop basic skills, improve serving, and understand positioning on the court.*

## CODING CAMP

June 15-19, 9:00 a.m. - 4:00 p.m., \$350 (Ages 8-12)

Campers will put their creative minds and mathematical concepts to the test as they develop a better knowledge of computer programming/coding and develop essential STEM skills for our tech-driven world. They will explore computer programming/coding using a block programming tool (Scratch) developed by MIT Media Lab. Campers will also gain a foundation in computational thinking by creating animated stories, games and design robots using a Makey Makey Invention Kit.

*Joyful Love of Learning*
